

What is the purpose of Reel Kids?

To teach the youth of South Carolina how to wisely use the state's aquatic resources and the best ways to protect them.

What is Reel Kids all about?

If you sign up to be a SC Reel Kid you'll do more than just go fishing! You will receive a goal packet where you will learn about fish and ways to improve their habitats. The goals are simple and fun! The packet includes goals such as catch your first fish, visit a state park, and visit the Palmetto Sportsman's Classic.

How do I receive prizes?

Twice a year prizes will be mailed out for each completed goal you send in to the following address: SC Reel Kids/SCDNR PO Box 167 Columbia, SC 29202.

What kind of prizes will I receive?

You can receive free fishing tackle or equipment.

What is Master Angler status?

After completing 12 goals from the Junior Master Angler book, you will receive your Junior Master Angler Certificate. After your 10th birthday, you will graduate into the Youth Master Angler level. When you complete 15 goals from the Youth Master Angler level, you will receive your Youth Master Angler certificate.

How do I get my first fishing license sponsored?

At the completion of the Youth Master Angler level, on your 16th birthday you will receive your first annual SCDNR fishing license free of charge and be able to participate in Adult Angler programs.

Name: _____

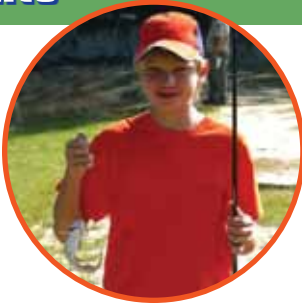

Age: _____

Address: _____

City/State/ZIP: _____

A Note to Parents

This program is designed to be fun, educational, and active for kids. Some goals require your participation or supervision as a parent.

Your **SC Reel Kid** will need help with transportation, mailing, and photo developing, for example. Please help ensure that your child will learn about the aquatic resources that South Carolina has to offer.

We look forward to the partnership with you in helping your children learn about our aquatic resources and helping to make them **SC Reel Kids!**

Have Fun, Fish & Learn
Be a SC Reel Kid!

Hey Kids! Would you like to go fishing, learn, and receive free fishing tackle and equipment? Fishing and being outdoors are great ways to have fun! You can learn about and enjoy the environment, too. You'll have a chance to see all kinds of plants and animals as you enjoy fishing in the outdoors. Whether you fish in a pond, stream, river, lake, or ocean, you are certainly going to see and observe wildlife!
